Clearly a United States citizen, requesting this information. Attached is proof of citizenship.

Sincerely,
Joshua Anthony Jones

This is going to sound very strange and odd. But I assure you what you are about to read is the truth, also I DO NOT, have any mental reservations, illnesses or disorders, nor am I a conspiracy theorist.

With that being said, for the last decade as far as I know of the CIA (Central Intelligence Agency) and NSA (National Security Agency), has socially isolated me, persecuted and oppressed me, by violating my civil liberties, and Constitutional freedoms. As a part of a human experimentation. They have used nanotechnology in a sort of MKULTRA fashion, DARPA's (N3 Program) and the (Brain Initiative) to attempt brainwash me. With failure thank God, the intention behind this has to try to weaponize me to commit an act of domestic terrorism or commit harm. As well as classified information about the United States of America Nuclear Arsenal, being leaked via nanotechnology and other means. This seems to be politically, and religiously motivated. There have been multiple violations of the UDHR (Universal Declaration of Human Rights.) Especially Article 5, As well as a violation of the Nuremberg Code. FCC Title 47 compliance of this nanotechnology is unknown. As well as Violations of the Privacy Act. Central Intelligence Agency and the AWS cloud network systems seem to be in violation of Constitutional freedoms. The Central Intelligence Agency, and the National Security Agency, have actively blocked me from gaining legal representation.

I would like to file a lawsuit I have filed freedom of information act requests, with the following agencies and Departments, DOJ, U.S. Secret Service, U.S. Department of Homeland Security, NSA, CIA, DIA, U.S. Cyber Command, DCSA, Office of Secretary and Joint Staff, anything involving nanotechnology and my name. I have contacted the Whitehouse, The NSA, NCTC, DOJ, FBI, CIA, DIA, The United Nations, NATO, INTERPOL, The National Security Council, Every member of the Senate that is Republican, Independent and Democrat, The Joint Chiefs of Staff, as well as the ACLU of Harrisburg, PA, The ACLU of Philadelphia, and the ACLU CEO Mr. Romero. I thank you for your time and considerations.

Sincerely,
Joshua Anthony Jones
P.S.

I have been unable to find legal representation for months.

God bless the coalition of the free
God Bless America
God Bless the UNITED STATES
Long live the Constitution of the United States of America
And God Speed to you Sir's and Madem's.

This is a more serious problem than, on could possibly believe, and this is actively happening

To: OGIS <ogis@nara.gov>

This was sent to Cyber Command today July 11th 2024:

I Joshua Anthony Jones am appealing FOIA Case 118896, also request mediation. On the following grounds,
The reason why Department of Defense National Security Agency, would or may have records on me would be as follows:

- 1.) Federal Lawsuits involving the Joint Chiefs of Staff, Secretary of Defense, National Security Agency, and Central Intelligence Agency.
Federal Case Number: 1:24-cv-00990
- 2.) DARPA'S Brain Initiative/N3 Program involving neural nanotechnology
Federal Case Number: 1:24-cv-00990, and 1:24-cv-00869
- 3.) 1 year of communications to NATO, United Nations Security Council, and the Joint Chiefs of Staff, involving neural nanotechnology, as well as Nuclear Arsenal Information being compromised.

There are lawsuits pursuant to this Freedom of Information Act Request, 1:24-cv-00990, 1:24-cv-00827, 1:24-cv-00827, at US District Court, Harrisburg. As have been stated:

"This office is responsible for processing all FOIA requests for access to records maintained by the Department of Defense, National Security Agency. The DoD National Security Agency an independent and objective agency within DoD, responsible for promoting the integrity, accountability, and improvement of DoD personnel, programs, and operations. We accomplish our mission by conducting audits, investigations, inspections and assessments, and recommending policies and procedures to promote the economic, efficient, and effective use of DoD resources and programs that prevent fraud, waste, abuse, and mismanagement."

It is integral to the adherence of law, and Federal regulations, and investigations. Chevron Deference does not apply to your denial. Fee waiver is as follows:

Under the Freedom of Information Act (5 U.S.C. Section 552), I am requesting the following documents:

Please apply this to any legal documents pertaining to a Freedom of Information Act Request, by myself, for the appeal process.

Attach any other documents to be requested FOIA' 7/8/2024 I receive the information, pertaining to these requests in paper, flash drive or hard drive.

Please take note of the Office of Management and Budget guidelines published March 27, 1987 (52 FR 10012) that include electronic publications and other nontraditional publishers as representatives of the news media. Please also remember that the U.S. Court of Appeals for the District of Columbia has determined that even a nonprofit clearinghouse of information can qualify as a representative of the news media, See National Security Archive v. U.S. Department of Defense, 279 U.S. App. D.C. 308 (D.C. 1989).

Please note that 5 U.S.C. Section 552(a)(4)(A)(iv)(II) requires that you provide the first 100 copies to me at no charge.

However, I am requesting a waiver of all fees under 5 U.S.C. Section 552(a)(4)(A)(iii). The information I seek is in the public interest because it will contribute significantly to public understanding of the operations or activities of the government and is not primarily in my commercial interest.

I believe I meet the criteria for a fee waiver recognized by the U.S. Justice Department – in its policy guidance of April 1987 – and by the federal courts, See *Project on Military Procurement v. Department of the Navy*, 710 F. Supp. 362 363, 365 (D.C.D. 1989).

My request concerns the operations or activities of government because É [Per the Justice Department guidelines, be as specific as possible about why your request concerns a government activity as opposed to a mere interest on your part in the subject matter.] Also, the information sought has informative value, or potential for contribution to public understanding. Please note the decision in *Elizabeth Eudey v. Central Intelligence Agency*, 478 F. Supp. 1175 1176 (D.C.D. 1979) (even a single document has the potential for contributing to public understanding). I plan to disseminate this information to the public at large in the following manner: I am a taxpaying, voting, United States Citizen, who swore an Oath of Allegiance to the Constitution of the United States of America, and I am being human experimented, without my consent by my own government. will us this information in a court of law in the United States of America, to provide informed legal rights that have been violated and to uphold the law. Also to inform the court of any malfeasance of any governing body, department (s), agency or agencies, office or offices, persons, personnel, officers, agents, employees, of aforementioned representatives to these governing bodies. To provide a strong healthier democracy, as well as a more informed work place for the above mentioned governing bodies or appointed individuals. This information will also be given to VOX Media INC., at 1201 Connecticut Ave., NW., Washington, DC 20036, help with providing with a better informed public, to assist with upholding the law, to, of, and for and nefarious actors against the law. As legal right in Privacy Act, to release any FOIA Information to any "person"(s) addition, the release of this information will have a significant impact on public understanding because É [Detail here where you think there is a lack of knowledge on the part of the public and how this information will make the public better informed about this particular government activity.]

In your deliberations, please take note of the following cases: *Campbell v. U.S. Department of Justice*, 334 U.S. App. D.C. (1998) (administrative and seemingly repetitious information is not exempt from fee-waiver consideration); *Project on Military Procurement* (agencies cannot reject a fee waiver based on the assumption that the information sought is covered by a FOIA exemption; and *Landmark Legal Foundation v. Internal Revenue Service*, 1998 U.S. Dist. LEXIS 21722 (D.C.D. 1998) (the fact that the information will soon be turned over to a public body does not exempt the material from fee-waiver consideration).

I look forward to your response within the 20 working days, as outlined by the statute.

Continuing to requests pursuant to PA exemptions (J)(1) and (K)(1), this is a violation of the Patriot Act as there is no knowledge of any Judges orders for such records or surveillance to be had. Also a violation of Executive Order 12333, in which records should be made available to the public as well as records of Judges orders be made public Regarding surveillance of US citizens. So in such there should be no classified information pertaining to a relationship regarding myself, Joshua Anthony Jones contractual or otherwise stated, with any Agency, Department, Or entity. Any records deemed classified are false pretenses and should be made available as for litigation. This is in violation of Executive Order 13526, in regards to section 1.7 (A)(1). 15 U.S. Code § 780 - Office of Private Grievances and Redress, 5 U.S. Code § 552(a), 5 U.S. Code § 552(e), 5 U.S. Code § 552(f), 5 U.S. Code § 553, Executive Order 14105 Section 9, Executive Order 13873, Executive Order 14110 Section 1 (a), Section 2 (D), Section 2(f), Executive Order 14093 Section 1, 5 U.S.C. 3331, 5 U.S.C 3331, 10 U.S.C. 980, and 5 U.S.C. 7311. As well as Constitutional Law, Federal Law, and Geneva Convention Violations Articles of War crimes.

So NSA Cyber Command isn't using computer Algorithms or logarithms to layer and conceal violations of law? By Oath of Office you have to comply or seek an attorney.

3.) 1 year of communications to NATO, United Nations Security Council, and the Joint Chiefs of Staff, involving neural nanotechnology, as well as Nuclear Arsenal Information being compromised.

There are lawsuits pursuant to this Freedom of Information Act Request, 1:24-cv-00990, 1:24-cv-00827, 1:24-cv-00827, at US District Court, Harrisburg. As have been stated:

"This office is responsible for processing all FOIA requests for access to records maintained by the Department of Defense, National Security Agency. The DoD National Security Agency an independent and objective agency within DoD, responsible for promoting the integrity, accountability, and improvement of DoD personnel, programs, and operations. We accomplish our mission by conducting audits, investigations, inspections and assessments, and recommending policies and procedures to promote the economic, efficient, and effective use of DoD resources and programs that prevent fraud, waste, abuse, and mismanagement."

It is integral to the adherence of law, and Federal regulations, and investigations. Chevron Deference does not apply to your denial. Fee waiver is as follows:

Please apply this to any legal documents pertaining to a Freedom of Information Act Request, by myself, for the appeal process.

Attach any other documents to be requested FOIA' 7/8/2024 I receive the information, pertaining to these requests in paper, flash drive, or hard drive.

Please take note of the Office of Management and Budget guidelines published March 27, 1987 (52 FR 10012) that include electronic publications and other nontraditional publishers as representatives of the news media. Please also remember that the U.S. Court of Appeals for the District of Columbia has determined that even a nonprofit clearinghouse of information can qualify as a representative of the news media, See National Security Archive v. U.S. Department of Defense, 279 U.S. App. D.C. 308 (D.C. 1989).

Please note that 5 U.S.C. Section 552(a)(4)(A)(iv)(II) requires that you provide the first 100 copies to me at no charge.

However, I am requesting a waiver of all fees under 5 U.S.C. Section 552(a)(4)(A)(iii). The information I seek is in the public interest because it will contribute significantly to public understanding of the operations or activities of the government and is not primarily in my commercial interest.

I believe I meet the criteria for a fee waiver recognized by the U.S. Justice Department – in its policy guidance of April 1987 – and by the federal courts, See Project on Military Procurement v. Department of the Navy, 710 F. Supp. 362 363, 365 (D.C.D. 1989).

My request concerns the operations or activities of government because É [Per the Justice Department guidelines, be as specific as possible about why your request concerns a government activity as opposed to a mere interest on your part in the subject matter.]Also, the information sought has informative value, or potential for contribution to public understanding. Please note the decision in Elizabeth Eudey v. Central Intelligence Agency, 478 F. Supp. 1175 1176 (D.C.D. 1979) (even a single document has the potential for contributing to public understanding). I plan to disseminate this information to the public at large in the following manner: I am a taxpaying, voting, United States Citizen, who swore an Oath of Allegiance to the Constitution of the United States of America, and I am being human experimentated, without my

governing body, department (s), agency or agencies, office or offices, persons, personnel, officers, agents, employees, of aforementioned representatives to these governing bodies. To provide a strong healthier democracy, as well as a more informed work place for the above mentioned governing bodies or appointed individuals. This information will also be given to VOX Media INC., at 1201 Connecticut Ave., NW., Washington, DC 20036, help with providing with a better informed public, to assist with upholding the law, to, of, and for and nefarious actors against the law. As legal right in Privacy Act, to release any FOIA Information to any "person" (s) addition, the release of this information will have a significant impact on public understanding because É [Detail here where you think there is a lack of knowledge on the part of the public and how this information will make the public better informed about this particular government activity.]

In your deliberations, please take note of the following cases: Campbell v. U.S. Department of Justice, 334 U.S. App. D.C. (1998)(administrative and seemingly repetitious information is not exempt from fee-waiver consideration); Project on Military Procurement (agencies cannot reject a fee waiver based on the assumption that the information sought is covered by a FOIA exemption; and Landmark Legal Foundation v. Internal Revenue Service, 1998 U.S. Dist. LEXIS 21722 (D.C.D. 1998)(the fact that the information will soon be turned over to a public body does not exempt the material from fee-waiver consideration).

I look forward to your response within the 20 working days, as outlined by the statute.

Continuing to requests pursuant to PA exemptions (J)(1) and (K)(1), this is a violation of the Patriot Act as there is no knowledge of any Judges orders for such records or surveillance to be had. Clearly a United States citizen, requesting this information. Attached is proof of citizenship.

This is going to sound very strange and odd. But I assure you what you are about to read is the truth, also I DO NOT, have any mental reservations, illnesses or disorders, nor am I a conspiracy theorist.

With that being said, for the last decade as far as I know of the CIA (Central Intelligence Agency) and NSA (National Security Agency), has socially isolated me, persecuted and oppressed me, by violating my civil liberties, and Constitutional freedoms. As a part of a human experimentation. They have used nanotechnology in a sort of MKULTRA fashion, DARPA's (N3 Program) and the (Brain Initiative) to attempt brainwash me. With failure thank God, the intention behind this has to try to weaponize me to commit an act of domestic terrorism or commit harm. As well as classified information about the United States of America Nuclear Arsenal, being leaked via nanotechnology and other means. This seems to be politically, and religiously motivated. There have been multiple violations of the UDHR (Universal Declaration of Human Rights.) Especially Article 5, As well as a violation of the Nuremberg Code. FCC Title 47 compliance of this nanotechnology is unknown. As well as Violations of the Privacy Act. Central Intelligence Agency and the AWS cloud network systems seem to be in violation of Constitutional freedoms. The Central Intelligence Agency, and the National Security Agency, have actively blocked me from gaining legal representation. I would like to file a lawsuit I have filed freedom of information act requests, with the following agencies and Departments, DOJ, U.S. Secret Service, U.S. Department of Homeland Security, NSA, CIA, DIA, U.S. Cyber Command, DCSA, Office of Secretary and Joint Staff, anything involving nanotechnology and my name. I have contacted the Whitehouse, The NSA, NCTC, DOJ, FBI, CIA, DIA, The United Nations, NATO, INTERPOL, The National Security Council, Every member of the Senate that is Republican, Independent and Democrat, The Joint Chiefs of Staff, as well as the ACLU of Harrisburg, PA, The ACLU of Philadelphia, and the ACLU CEO Mr. Romero. I thank you for your time and considerations.

Sincerely,
Joshua Anthony Jones
P.S.

I have been unable to find legal representation for months.

Dear Mr. Jones,

This letter responds to the enclosed Freedom of Information Act (FOIA) request, submitted August 31, 2023. We reasonably believe that U.S. Cyber Command would not have records in its files that are responsive to this request. Therefore, a search was not conducted.

If you are not satisfied with our action on this request, you may seek dispute resolution services from the DoD FOIA Public Liaison or the Office of Government Information Services. You also have the right to file an administrative appeal. Contact information for each resource is provided.
